**overview:**

Seventh full length album from US black thrash death metal legends SATHANAS, and with no doubt the strongest release in band's 20 year history. 10 songs of blasphemy and disgrace played in the obscure, raw old school style casting their evil spells with such titles as Ever Falling Darkness, Demonhellstorm or Black Witching Millennium. The gates are open again and the forces of the dark has been summoned, so be prepared for total demon hell storm in the spirit of old Metal! The album was mixed and mastered by Tore Sternja at Necromorbus Studios in Stockholm, Sweden. Available as regular jewel case CD and limited digipack.

On European Tour with NUNSLAUGHTER in March!

**biography:**

SATHANAS released their infamous demo "Ripping Evil" in 1988 featuring the cult favorite "Jaws of Satan". A seven inch vinyl was recorded in 1994 for Reaper Records of Belgium also entitled "Ripping Evil". The year 1999 would bring about the first full length release, "Armies of Charon" on the label Supernal Music of London. In 2001 Sathanas signed a recording/distribution deal with Blackmetal.com's Cybertzara Productions releasing "Black Earth" and "Thy Dark Heavens". "Thy Dark Heavens" was supported by a small European tour, gaining many fans from across the Atlantic .

Later that year the MCD "Cruentus Diabolos" was released on Drakkar Productions of France. SATHANAS released the CD "Jaws of Satan" in 2002 as a split CD between SATHANAS and BATHYM, a side project of Paul's from SATHANAS' early days, which featured the entire "Ripping Evil" demo as well as early live recordings from both bands. November 2002 would see the addition of former ACHERON drummer Jim Strauss finally solidifying the bands line-up. 2003 brought about the release of the highly sought after seven inch vinyl "Warlords of Death" on Agonia Records of Poland. In 2005 SATHANAS released the highly acclaimed "Entering the Diabolic Trinity" on Pulverised Records of Singapore. In support of "Entering The Diabolic Trinity" SATHANAS appeared at the Festung Open Air Festival in Bitterfeld, Germany as well as the Extreme Aggression IV festival in Leeuwarden, Holland. Early in 2007 SATHANAS released two previously recorded, but long delayed productions, the MCD "Flesh for the Devil" on Pagan Records of Poland, and the CD "Hex Nefarious" on Death to Mankind Records of Spain.

SATHANAS recorded "Crowned Infernal" for Pulverised Records at Inner Tube Studios in Ambridge , PA USA . The master discs were then sent to Stockholm , Sweden for mixing and mastering by Tore Stjerna at Necromorbus Studios (also enlisted for the upcoming Nightrealm Apocalypse).

Nightrealm Apocalypse the bands best work yet will be released in February of 2009 on PAGAN RECORDS of Poland. The album will gain additional international support as SATHANAS embarks upon the EUROPEAN EXCOMMUNICATION TOUR with NunSlaughter in March.
